Dear Professor,

Sub: EQUATE - A National Level Consultancy Organization and A National Level Training Provider is keen to offer quality improvement services to institutions under TEQIP III.

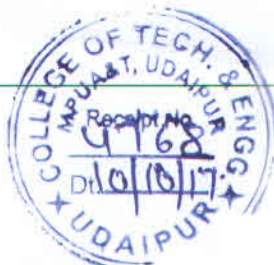

We are writing to explore the possibility of serving your institution through our range of services stipulated in TEQIP III.

1. As you are aware, TEQIP III requires institutions to obtain accreditation by NBA/NAAC at the earliest. EQUATE being a national level consultancy organization has assisted more than 35 institutions (about 100 programs) obtain accreditation including institutions/NITs/Centrally funded institutions covered under TEQIP II. **Further, Obtaining accreditation by institutions has been declared mandatory both by AICTE and UGC through a Gazette Notification.** EQUATE can offer full guidance to the institutions in such a manner that the institution not only become quality conscious but also develop capacity to deliver quality education and score high on accreditation count.

2. EQUATE also offers training programs for capacity/efficiency improvement of the teachers in terms of **Pedagogy (Basic & Advance), Management Capacity Development, Induction Training in-house etc.**

3. Preparing faculty for undertaking engineering research is of paramount value to the nation and it is expected that enhancing the capabilities of the faculty towards research and research brilliance is necessary. EQUATE is fully geared to provide **Research Methodology Training** and **IPR, Copyright and Trademark Issues**. The research capacity of the institution helps in further developing departmental capacity to win research projects, consultancy assignments and sponsored projects from industry and government.

4. EQUATE also offers **Domain Specific (Content) Training Program** to enhance technical capabilities of the **faculty** as well as non **teaching technical staff**. These programs are offered in **collaboration with industry with practical orientation and hands on experience.**
