Hackathon-Hack It Up

Date- 28/02/2024

We are pleased to present a comprehensive report on the latest Programming Club event Hack It Up, which took place this Wednesday, February 28th under the leadership of Mohammed Imran ,CSE 3rd year . The hackathon attracted a remarkable turnout of enthusiastic students, all keen on enhancing their programming and technological prowess.

Theme- The hackathon theme focused on finding solutions to problems that students commonly face in college. Participants were challenged to use their programming and technology skills to come up with practical ideas to improve various aspects of college life. The goal was to encourage creativity and problem-solving among students and to make a positive impact on campus.

Throughout the duration of the session, our diligent coordinators spared effort in ensuring the seamless execution of the hackathon, thereby contributing significantly to its success. The event proceeded smoothly under their guidance and oversight of our teachers.

In this hackathon 24 teams participated and 22 teams presented their solution

We are thrilled to provide you with an overview of the Hackathon activities, accomplishments, and the positive impact it had on our students.

The hackathon commenced promptly at 9 am with the arrival of students, marking the beginning of an engaging and productive event. Following the students' entry, we had the honour of welcoming our esteemed Head of Department (HOD) Dr. Naveen Choudhary Sir, who delivered an inspiring speech aimed at motivating the participants. And we welcomed our teachers Mrs. Anshita Dharmawat Madam, Event Facilitator and Incharge CSE Department. Mrs. Garima Jain Madam, Event Facilitator and Incharge CSE Department.

As the hackathon progressed, we were privileged to host Brainwave AI as our first sponsor, who engaged with the students, imparting knowledge on artificial intelligence (AI) and its applications.

Around 11 am, we extended a warm welcome to our distinguished guests and judges, namely Ritvik Joshi sir , Punita Ojha madam , Kunjpreet Arora madam and Sweta Dutta madam.

The evaluation process commenced with the first round of marking, during which the judges assessed the teams based on criteria such as agility, UI/UX design, and user ability. Additionally, the judges assigned tasks to the teams to be completed and presented during the second round of marking.

Following a brief lunch break at 1 pm, the hackathon resumed at 2 pm, with the second round of marking focusing on the modifications and improvements made by the teams to their projects.

Amidst the proceedings, we had the pleasure of welcoming our second and third sponsors, Kansoft and TiE Udaipur, who shared invaluable insights and words of encouragement with the participants.

The climax of the event arrived at 4 pm, as we announced the winners of the hackathon, including the overall winner, first runner-up, second runner-up,
